Mr. W.A. Leuschner
World Bldg.
New York City

Dear Leuschner:

Please pardon my delay in answering, but I was trying to get something definite about the game in Belmar. I have found out that The Colored Elks are having a convention there the week of June 10th. They wanted the ballgame that Monday night. The gentlemen who asked me to play the game has written the local Elks to find out just what they have done, if anything. I told him we would do this for them if it was possible. I know there is baseball in the two towns two nights a week. However it may help a little to work up interest by the colored fans to have a game with a little work by the Elks.

I will write you as soon as I hear what they have done, if anything.

When we made the schedule, The Eagles and Yankees were booked May 10th. You said at that time you were trying to work out something. I assumed you had some place in mind we might play. Have you done anything about it. Will appreciate hearing from you on this.

I also had a letter from Posey saying he heard The Cubans and Memphis were planning to play in Little Rock on April 27th. I wrote Mr. Hayes yesterday, as I was under the impression we were playing Birmingham there that day. It is so far, I wouldn't care if I did have some place nearer, but I promised him and will go if he arranges.

Very Truly Yours
